Ponteland High School Deputy Headteacher, Mark Warland, said: "We are once again delighted with the results achieved by our Year 13 students. Their fantastic results are a true testament to their effort, resilience, and talents over the past two years. We are incredibly proud of their achievements, with the results representing many individual triumphs and milestones.

This year, over 50% of all grades achieved were in the higher grade categories of A* - B. Almost 80% of all grades were awarded A*-C, representing our highest ever achievement in this measure.

It has been wonderful to share in their success this morning alongside their parents and our staff, who have worked diligently and conscientiously to support every individual student throughout their studies.

These results provide a firm foundation for our students as they move on to the next stage of their lives, whether that be at university, apprenticeships, or embarking on gap years.

I would like to wish every one of them every success in the future. We look forward to hearing about their continued progress and accomplishments in the years to come.

Mr Mark Warland
Deputy Headteacher
